

# AT A GLANCE

Since 1989 (35+ years), His House has cared for over 25,000 children in foster care and remains a frontline provider of residential and child placement services. In a beautiful campus setting with a 232-bed capacity, the organization cares for children removed from their home due to abandonment, abuse and neglect. In addition, His House is committed to keeping sibling groups together during their traumatic separation from their parents.
